To live in this world is to be conditioned by capital. Once paired with Western

democracy, unfettered capitalism has led to a shrinking economic system that squeezes out billions of people—creating a planet of surplus populations. Wageless Life is a manifesto for building a future beyond the toxic failures of late-stage capitalism. Daring to imagine new social relations, new modes of economic existence, and new collective worlds, the authors provide skills and tools for perceiving—and living in—a post-capitalist future.

作者介绍:

Ian G. R. Shaw is lecturer in human geography at University of Glasgow. He is author of Predator Empire (Minnesota, 2016).

Marv Waterstone is professor emeritus in the School of Geography and Development at University of Arizona.
