著者:Ruth Whittle

出版者:Routledge

出版时间:2003-11-13

装帧:Hardcover

isbn:9780415272995

Modern German Grammar is divided into two parts. Part A covers traditional

grammatical categories such as word order, nouns, verbs and adjectives. Part B is carefully organized around language functions and notions such as: * Apologizing * Expressing regret * Voicing an opinion or casting doubt on something The book addresses learners' practical needs and presents the uses to which we put language in order to communicate effectively in a wide range of situations. Implementing feedback from users of the first edition, this second edition features: * The new German spelling system * Fuller explanations of grammatical structures in Part A * Even more extensive cross-referencing between Parts A and B * A comprehensive index to the full grammar The grammar assumes no previous grammatical training and is intended for all those who have a basic knowledge of German, from intermediate learners in schools and adult education to undergraduates taking German as a major or minor part of their studies. This grammar is also accompanied by a second edition of the Modern German Grammar Workbook, featuring exercises and activities which link directly to the grammar.

评论

got it from a 2nd-hand bookshop. very helpful as I learnt German in English and it's not easy for me to look up something in the Chinese reference book - get confused easily by the translated Chinese words...

不怎么好的语法书

书评

这本书没看过不知道怎么样???
不过推荐一个好的学习德语的网站：文国德语网：<http://de.veduchina.com>
