Henry is naive and has never experienced love. When he meets golden-haired Edna in a train carriage, however, his world changes forever. But the intensity of their feelings threatens their innocence, and Edna knows she is too young to leave her childhood behind. United by the theme of love, the writings in the "Great Loves" series span over two thousand years and vastly different worlds. Readers will be introduced to love's endlessly fascinating possibilities and extremities: romantic love, platonic love, erotic love, gay love, virginal love, adulterous love, parental love, filial love, nostalgic love, unrequited love, illicit love, not to mention lost love, twisted and obsessional love...
