装帧:Hardcover

isbn:9780471097297

Uses the methodology of contrastive analysis to teach French pronunciations to the

American student. Contains a systematic, four-stage approach that emphasizes learning sounds, auditory discrimination, articulation, and practice in a communicative context. Compares the phonological systems of French and American English. Provides a detailed discussion of the French spelling system, with clearly stated rules. Includes abundant practice examples throughout.
