在线阅读本书

Using field-tested methods and practical instruction in both Photoshop and Photoshop Elements, this book reveals eye-opening techniques, terrific workflow

ideas, and timesaving ways to apply a broad array of Photoshop tools to optimize digital images of nature. You'll encounter spectacular photographs from exotic places around the world shot by the authors, as well as tips and examples from some of the most esteemed professional nature photographers. In addition, the CD-ROM includes more than 60 minutes of video training as well as sample images to help you practice the techniques featured in the book.
