GIFTS TO MAKE FOR SPECIAL OCCASIONS
brings together more than fifty exciting
new handicraft projects. These were
developed by the author from the
innovative and stylish presents which she
has created for family and friends over the

years. Made from today's materials, cotton-backed vinyl, luscious bright-colored felt and canvas, metallic coated cardboard, and lame fabric, and drawing on a wide variety of sewing and knitting skills and papercraft, they form a stunning array of gifts for every celebration -- or for no reason at all. Table linen, picture frames, decorative pillows, masks and hats, or theaters of t~uppets are all to be found in these chapters, each of which relates to a particular special occasion, such as a toddler's birthday, weddings, anniversaries, Thanksgiving, or Easter. There are lots of handy sewing tips as well, and ideas for variations, making this book a must for every handicraft enthusiast.
