An unforgettable spiritual journey through the Himalayas— now celebrating its thirtieth anniversary

IN 1973, Peter Matthiessen and field biologist George Schaller traveled high into the remote mountains of Nepal to study the Himalayan blue sheep and possibly glimpse the rare and beautiful snow leopard. Matthiessen, a student of Zen Buddhism, was also on a spiritual quest—to find the Lama of Shey at the ancient shrine on Crystal Mountain. As the climb proceeds, Matthiessen charts his inner path as well as his outer one, with a deepening Buddhist understanding of reality, suffering, impermanence, and beauty.

作者介绍:

Peter Matthiessen is the author of more than thirty books and the only writer to win the National Book Award for both non-fiction (The Snow Leopard, in two categories, in 1979 and 1980) and fiction (Shadow Country, in 2008). A co-founder of The Paris Review and a world-renowned naturalist, explorer and activist, he died in April 2014.
