Introducing the ONLY hotel guide wholly based on consumer feedback, from over 22,000 nominations making it a truly unique and non-biased guide to finding the best place to stay. Featuring 300 of the most fabulous hotels in Great Britain and Ireland, from boutique hotels and manor houses to 5 star accommodation. This guide shows you the best of the best. Over 6,500 hotels were nominated by consumers who took part in an online survey in conjunction with HotelClub.com, The Sunday Times Travel Magazine, Waterstone's and Ebookers. Every hotel has been independently assessed and the book is sorted alphabetically by country, destination and name for easy navigation. Over 1,000 full-colour photographs convey the look and feel of each hotel and a panel of travel experts added 30 hotels as Editor's Picks to broaden the scope of the guide - many of which are smaller, niche hotels personally inspected by the team. To top it all off you also receive a FREE loyalty card for HotelClub.com with GBP15 credit on initial registration and great savings of up to 60% on over 30,000 hotels across 120 countries which practically covers the cost of the guide!
