"These unique textured cards encourage children to learn key concepts as they look, talk and experience" - Geraldine Taylor, Educational Consultant. 1, 2, and 3: give your toddler a head start, share the 16 picture cards and encourage them to recognise and begin to read words and numbers for the first time. Stroke the 3 bumpy cars and explore the soft petals of 1 flower - touchable, tactile textures help your child to learn through play. There are ideas for talking points on the back of each card and a Parent Guide packed with creative games to share, making learning even more fun.
