isbn:9780240520476

Logic is a powerful piece of software that can often prove to be daunting and difficult to navigate but help is at hand whether you are a Pro or Express user. By providing comprehensive and systematic coverage of the software philosophy and the features of the programme in detail, this book will enable you to get the most out of Logic when

creating music.

With a clear and involving writing style and fresh, visually engaging layout, the authors cut through the complexities of the programme providing a comprehensive start to finish guide that allows you access information quickly and get the most out of the programme.

Check out the accompanying website - <http://www.logicprobook.com/>

.Comprehensive and systematic coverage of the software

.Provides solid foundation of the software's philosophy as well as covering the features in detail
