"Heading into another presidential race, We the People have to face the fact that our election system is a shambles, run by private corporations with a partisan agenda, and largely based on a technology that anyone can rig. This great book will tell you all about it--and, even more important, help us overcome it."--Thom Hartmann"Before Americans get too excited about the next election, they'd do well to remember the stolen elections of 2000 and thereafter. For all the talk of "change," the corrupt system by which we vote remains broken. Thank heavens for Mark Crispin Miller and his contributors who call not just for awareness, but action"--Laura Flanders"The essays in this great collection make it clear that our democracy is in trouble. We can begin to repair our nation by restoring electoral integrity. This book points to the challenges and the possibilities of regaining our full power as voters and citizens in a democratic society."--Dennis Kucinich "Loser Take All presents cutting edge essays that diagnose a problem still ignored by much of the political establishment and the news media. The book provides a roadmap to a truly open and fair voting system."--Robert W. McChesney

Loser Taker All: Election Fraud and The Subversion of Democracy, 2000-2008 is an indispensable anthology of writings covering the vast election fraud that has been perpetrated by the GOP--with the Democratic Party's acquiescence--since 2000. Among the subjects treated here are: the myth of George Bush's victory in Florida in 2000, and FOX News's key role in propagating it; Senator Max Cleland's dubious defeat in Georgia in 2002; Bush's "re-election" in 2004, including evidence of systematic fraud outside of Ohio; startling evidence of fraud committed in the 2006 midterm elections, which the Democrats appear to have won by a far larger margin than officially reported; and, crucially, evidence that the Republicans will attempt to steal the presidential election in 2008. Edited by Mark Crispin Miller, author of the seminal *Fooled Again: The Real Case for Electoral Reform*, this explosive collection includes works by a broad range of well-respected election activists, including Robert F. Kennedy Jr., David Moore, Bob Fittrakis, Larissa Alexandrova, Michael Collins, Lance deHaven-Smith, Brad Friedman, David Griscom, James Gundlach, Jean Kaczmarek, Paul Lehto, Bruce O'Dell, Michael Richardson, Steven Rosenfeld, Jonathan Simon and Nancy Tobi.
