New York Times bestselling author Kelley Armstrong has captivated readers with her spellbinding Women of the Otherworld series. Now, for the first time, in this collection of four tales she gives center stage to the men who love these sexy, supernatural women—the men who live on the other side of humanity...the wild side.

As a curious six-year-old, Clayton didn't resist the bite—he asked for it. But surviving as a lone child-werewolf was more than he could manage—until Jeremy came along and taught him how to straddle the human-werewolf worlds, gave him a home...and introduced him to the Pack. So begins this tantalizing volume, featuring three of the most intriguing members of the American Pack—a hierarchical founding family where bloodlines mean everything and each day presents a new, thrilling, and often deadly challenge. For as Clayton grows from a wild child to a clever teen who tests his beloved mentor at every turn, he must learn not only to control his animal instincts but to navigate Pack politics—including showing his brutal archnemesis, Malcolm, who the real Alpha is....

From the nature of fear, weakness, and courage, to the triumph of belonging and the complications of love and loyalty, these mesmerizing tales reveal the trials of a werewolf coming-of-age, and lay bare the hearts and minds of the men strong enough for the women of the Otherworld—and adept enough to take on two worlds.
