Once the safest, most prosperous place on earth, the United States has become sparsely populated and chaotically unstable. Across the country, families have traveled toward the one hope left: passage on a ship to Europe. As Franklin Lopez makes his way towards the ocean, he finds Margaret, a sick woman shunned to die in isolation. Tentatively, the two join forces, heading towards their future. With striking prose and a deep understanding of the American ethos, Jim Crace, one of our most consistently ambitious writers, creates in *The Pesthouse* a masterful tale of the human drive to endure.
