Magpie Flats—"prime, well-watered farmland." That's what Major May McGinnis had been led to expect when she returned, toughened and worn out, from active duty in the Philippines to claim her dead brother's legacy. But

the deserted railway station gave rise
to the suspicion - soon to be confirmed
-that her brother had been swindled.

After her first night in Magpie Flats,
it was clear to May that more than a
shady land deal was involved. She had
become the victim of petty sabotage;
so had the only other remaining family
on Magpie Flats, only they had re-
ceived a more deadly warning as well.

But who could want this miserable,
parched land-bad enough to foul her
