An alternate world, in post-Civil War America. an independent Confederate nation is born. !1\$ allies: the Indian Nations of Oklahoma and England. By 1916 the Confederacy is thriving, the Union is faltering, and England is going to war with Germany. Now as the Confederates join the cause, the Cherokee Nation sends Amos Ninekiller into the fray. This pilot will be the first Indian i0 lead airborne Confederates into enemy terrain. His mission: i0 blast the Hun out of the sky and cripple him on land. But even as he takes off for the wild blue yonder with his trusted companion Will Faulkner of Mississippi, Ninekiller knows that war is hell-- whether it s on the ground or in the air. And in an alternate World War I..the cunning Hun might just triumph...
