Metamorphosis 1 presents the work of 50 contemporary Surreal, Fantastic & Visionary Artists. By publishing the work of established artists such as Ernst Fuchs, Alex Grey,

Victor Safonkin, Andrew Gonzalez, Martina Hoffmann, Laurie Lipton, Chet Zar, Kris Kuksi and Robert Venosa alongside that of relatively unknown – though extraordinary – artists, we have aimed to bring a host of new artists into the public eye. This book is the first of a series that will provide exposure for many more artists in future. Keep scrolling for the full list of featured artists.
