Starting play as an expansion team in 1961, the Minnesota Vikings became one of the NFL's elite - and most popular franchises - within a decade. From the formative years under Norm Van Brocklin and the Superbowl Squads of Bud Grant, to the ups and downs of Jerry Burns and Dennis Green, the Vikings have had dramatic triumphs and heart-wrenching defeats. Lavishly illustrated, featuring key moments, stats, plays, and

players, this is a celebration of an iconic football franchise. It honors the great squads, legends, colorful characters of this team - Fran Tarkenton, Chuck Foreman, Ahmad Rashad, Randall McDaniel, John Randall, Cris Carter, Robert Smith, Anthony Carter, Randy Moss, the 'Purple People Eaters' and many more! Written by one of Minnesota's more revered sports columnists, this is a book that no Viking or NFL fan should be without.
