Stunning action photography, from the world's largest multi-media news agency. "Move" is a stunning collection of images from Reuters, the world's largest international news agency, on the universal theme of the action. This collection of action photographs will illustrate the energy of movement, featuring vibrant news, sport and human-life imagery captured by ReutersA team of award-winning photographers around the globe. Across the globe, every day, Reuters photographers are there to capture decisive moments from a new angle. Through these extraordinary

pictures we can explore the nature of movement and the essence of action-photography.As the world's largest multi-media news agency, Reuters has both the authority to be the benchmark for action photography and the scale to illustrate the concept from multiple angles.
