Hollywood has made a star of Todd Pickett. But time is catching up with him. He doesn't have the perfect looks he had last year. After plastic surgery goes awry, Todd needs somewhere to hide away for a few months while his scars heal.

As Todd settles into a mansion in Coldheart Canyon--a corner of the city so secret it doesn't even appear on any map--Tammy

Lauper, the president of his fan club, comes to the City of Angels determined to solve the mystery of Todd's disappearance. Her journey will not be an easy one. The closer she gets to Todd the more of Coldheart Canyon's secrets she uncovers: the ghosts of the A-list stars who came to the Canyon for wild parties; Katya Lupi, the cold-bearded, now-forgotten star for whom the Canyon was named, who is alive and exquisite after a hundred years; and, finally, the door in the bowels of Katya's dream palace that reputedly open up to another world, the Devil's Country. No one who has ever ventured to this dark, barbaric corner of hell has returned without their souls shadowed by what they'd seen and done.
