The Stars Shine Down is Sidney Sheldons twelfth and most passionate novel, set against the glamorous world of international business and featuring a complex and compelling heroine faced with a series of life-shattering decisions. Lara Cameron is young and beautiful. Rising from a past she seeks to repress, she achieves her wildest ambition, creating a much envied business empire. Then, overnight, all that has gone before, her fortune, her achievements, and her marriage everything is at risk. Paul Martin, a brilliant but mysterious lawyer who is captivated by Lara, finally is faced with her desire for independence and his own compulsion not to let her go. Howard Keller, Laras longtime friend and mentor, is torn between loyalty to her and maintaining a terrifying secret, one that must never be revealed especially to Lara. It is Philip Adler who offers Lara an exciting new world, but at a devastating price that threatens to destroy them both. From Scotland to Nova Scotia, New York to London, Rome to Reno, The Stars Shine Down is classic Sidney Sheldon, featuring the startling shocks and amazing surprises millions of readers have come to expect and love. It is also a highlight in a continuum of virtuoso performances by the man everyone turns to for irresistible romance, cliff-hanger suspense, and the totally unexpected.
