Awash with good taste, "The Cocktail" captures the spirit of every spirit! More than just a little book of drinks, this is a cocktail lifestyle book. Learn about the comforting comradeship of vodka, the crisp elegance of gin, and the tropical abandon of rum. Drink in the geisha chic of sake, and discover why whiskey - and its white trash cousin bourbon - are no longer only a guy's best friend. "The Cocktail" offers a very different atmosphere from other cocktail books.
