You never forget your first time. Cameron Lewis loves his job as an instructor/trainer for a water safety firm that inspects water parks. He gets to travel from March through September, always moving on to something different. When a strange emptiness starts plaguing him, he chalks it up to turning thirty. He manages to shake off the feeling-until he walks into a classroom and discovers that the eye candy in the front row is actually a very grown up version of his best-friend's kid brother. Noah Winthrop never forgot his first time. Scary, painful and then absolutely amazing-and with Cameron, the guy he'd always wanted. He's had a crush on his brother's best friend since puberty and now nothing will keep him from finally getting Cameron Lewis to notice him. Even though Cameron once rejected him, Noah is determined to get it right this time. Warning, this title contains the following: explicit male/male sex, graphic language, and mild Dominant/submissive action
