The first novels in Janet Tanner's
Hillsbridge trilogy--the sparkling and
well-received *The Hours of Light* and *The
Emerald Valley*--introduced the Hall

family, the children and grandchildren of the indomitable Charlotte Hall. The Hills and the Valley brings the saga to a compelling conclusion.

It is 1939, and as the shadow of war is falling across Britain, the people of Hillsbridge anxiously await their future, and move to confront it.

For Harry, who had long sworn to win justice for those oppressed by the greed of the coal owners, there will be the chance to bring to the struggle more power than he had ever imagined.

For Alec, the grandson who has stayed closest to his roots, there will be a heartbreaking decision--followed by the stark horror of war in the East.

But for Barbara there is another shadow that threatens to block the sun
