

Darwin and the Novelists

[Darwin and the Novelists 下载链接1](#)

著者:George Levine

出版者:University Of Chicago Press

出版时间:1992-01-01

装帧:Paperback

isbn:9780226475745

Levine shows how Darwin's ideas affected nineteenth-century novelists--from Dickens and Trollope to Conrad. "Levine stands in our day as the premier critic and commentator on Victorian prose."--Frank M. Turner, "Nineteenth-Century Literature." "Magnificently written, with a care and delicacy worthy of its subject."--Nina Auerbach, University of Pennsylvania
