Although fans of Michael Connelly's popular and critically praised Harry Bosch series won't find their favorite police detective in this legal thriller, they'll enjoy getting to know the half-brother Harry's never met, California defense lawyer Mickey Haller, who runs his office out of his Lincoln Town Car. Mickey doesn't worry too much about the actual guilt or innocence of his disreputable clientele. Instead, he prefers to concentrate on locating the loopholes in the prosecution's case and keeping an eye on his bottom line. Mickey's priorities undergo a radical shift--too late, perhaps--when he manages to land a rich client accused of assaulting a woman at a bar, and discovers that the apparently slam-dunk case has an extremely unpleasant price tag attached to it.
