著者:Rafael Carmona

出版者:Lonely Planet

出版时间:2008-09-01

装帧:Paperback

isbn:9781740597302

No need to pack your lisp! Mexican Spanish doesn't use the distinctive lisp used in Castilian Spanish - in fact it's all-round a fairly breezy language to master, which is handy, considering the easy access to tequila? best you keep this guide close by.

- * two-way dictionary
- * phrasebuilder and guide to pronunciation
- * practicalities - banking, booking and border crossing
- * detailed food glossary
