Lucas Kazan has won a faithful group of fans the world over with his mix of romance, masculinity and a healthy dose of machismo. It's been four long years since the publication of his first photo book "Taste of Italy", but the wait is finally over! Exceptional newcomers like the hot-blooded Alexy Tyler and the tasty Samuel Dolce pose along with Kazan's "older stars" like Roberto Giorgio or Jean Franko. Fans of concentrated sensuality, magnificent locations and opulent colors will again get

everything they're bargaining for!
