'With searching eyes he studied the beautiful purple, barren waste of sage. Here was the unknown and the perilous.' The novel that set the pattern for the modern Western, *Riders of the Purple Sage* was first published in 1912, immediately selling over a million copies. In the remote border country of South Utah, a man is about to be whipped by the Mormons in order to pressure Jane Withersteen into marrying against her will. The punishment is halted by the arrival of the hero, Lassiter, a gunman in black leather, who routs the persecutors and then gradually recounts his own history of an endless search for a woman abducted long ago by the Mormons. Secrecy, seduction, captivity, and escape: out of these elements Zane Grey built his acclaimed story of the American West. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe.
