Providing extensive preparation for the LSAT (Law School Admission Test), this manual with enclosed CD-ROM includes: Five full-length model exams Two of the book's exams are recently-given actual LSATs All tests come with answer keys plus detailed analyses

and explanations of answers Two more practice tests plus a helpful study plan on the enclosed CD-ROM.

The tests on the CD-ROM also feature automatic scoring. The manual presents test-taking advice in the form of a detailed 5-step approach to the LSAT, an actual exam used to diagnose weak areas, and wide-ranging practice and review that covers all three of the LSAT's main sections: Logical Reasoning, Analytical Reasoning, and Reading Comprehension. Prospective law school students will find strategies for the LSAT's required writing samples, including two complete representative samples and six practice topics. Insightful new strategy charts provide succinct helpful tips for answering each question type. The book's additional features include test-taking strategies, an overview of ABA approved law schools, and a 16-page chart to help test takers assess their chances of admission at schools throughout the country.
