Not since the Ewings of Dallas has there been a family as complex, manipulative, and delectably seductive as the Graham dynasty, whose great wealth and power derive from their Fortune 500 corporation-known on Wall Street and around the world by its stock symbol-GRAIL. Their fortunes, VIP guest lists, political connections, and privileged lives create a seemingly impenetrable mystique until a drug death opens investigations that unravel their world. The mélange of characters in this fast-paced suspense novel is set against a backdrop of private country clubs, penthouse suites, and corporate boardrooms. This spellbinding saga examines the decaying underseam of the Graham family dynasty adrift in a maze of corporate deception.
