For courses in Criminal Justice Administration. This book is the only single-author book of its kind--exploring administration from a systems perspective that looks at

administrative issues and practices for all three branches: police, courts and corrections. Drawing on the author's 35 years of experience, the text offers an authentic and unique real-world perspective and includes thirty case studies throughout. This revision addresses many new topics--from technological advances to future trends--and introduces students to the practical aspects of justice administration.
