Do you dream of quitting your job and being your own boss? If so, this book is for you. Wouldn't it be great if you could work from anywhere you wanted and choose your own hours? No longer would you be tied to a desk, have to fight rush hour traffic, or miss an important event because you had to be at the office. Does the thought, "I want to start a business just like that " come to mind when you visit a site on the Internet? And imagine if you could wake up every morning, excited about the day ahead, and say to yourself, "I can't believe people pay me to do this " Now is the time for you, to not only have the freedom you've always wanted, but to bring your online business ideas to life. Thousands of people all over the world are making money on their own terms and doing it all from their computers. And if they can do it, so can you. Say "goodbye" to the speed limit holding you back from success "Quit Your Job (and Never Go Back): How to Create, Start and Market an Online Business for Under \$500 in 30 Days or Less" is a step-by-step workbook which will help you get an online business up and running more quickly and easily than you ever thought possible. In this book, you'll learn: - The truth about how to make money online - How to effectively deal with obstacles that are stopping you - Simple methods to market your business and bring unlimited visitors to your Web site - The major advantages of doing online business...and never want to do offline business again - How to avoid the Internet marketing pitfalls that plague 98% of the people who are currently doing business online - How to find hungry buyers and get the most money from them - How to connect with your customers and build customer loyalty - How to avoid giving up on your dream By following the advice and answering the thought-provoking questions found within this book, you will be ready to start your new online business and earn the money you deserve. About the Author: David Hooper is the founder of Work Yourself Up , a business development organization specializing in small and medium-sized companies to sell more product, increase consumer knowledge, and make more money. He is known for combining traditional business and direct marketing knowledge with guerrilla marketing techniques necessary for companies to compete.
