Adorably cute, sweet, and just a little on the naughty side, this is the hallmark of Joe Pekar's illustrations, as his little ladies make their way from his brain to the outside

world! A one-time 3D animator and games designer, Joe decided to go with his first overriding passion - drawing girls! It seems following that particular career goal has led to flourishing business and an ever-growing field of fans who buy his originals and clamour for more! Collected for the first time is a gallery of Pekar's best, showing off his ability to create portraits of pillow-fights and pouty teens with expert ease!
