Go back in time to the fascinating realm of the dinosaurs - more than 60 million years before the first humans existed. Discover amazing facts about these incredible beasts, from

the tiny Compsognathus to the towering Brachiosaurus. Find out which dinosaur weighed

as much as twenty elephants, how Stegosaurus had a tiny brain the size of your thumb, and

why some dinosaurs wore armour.

Using the latest information this book will reveal some of the mysteries of how dinosaurs

lived for 160 million years before their sudden extinction.

- ~ Information-packed pages for home or school
- ~ Stone tablet with interesting facts on each subject
- ~ Beautifully illustrated throughout
- ~ Labelled diagrams provide additional information
- ~ Feature boxes highlight amazing facts and figures
