This up-to-date handbook enables Texas couples to obtain an uncontested divorce quickly and painlessly. It explains in clear language how the laws work, how to divide marital property, how to settle child custody and support issues, and other important

decisions, along with ways to reach agreement with the other spouse. All the necessary forms, plus step-by-step instructions on how to complete and file them, are included in a tear-out set and on a CD-ROM that also contains further information and materials.
