The terrifying new psychological thriller featuring Tony Hill, criminal profiler and hero of TV's *Wire in the Blood*. The race is on to uncover the identity of a murderer with nothing to lose -- and everything to kill for. When Robbie Bishop, star midfielder for the Bradfield Vics, is poisoned by a rare and deadly toxin, profiler Dr Tony Hill and trusted colleague DCI Carol Jordan have their work cut out for them. Robbie was adored, so the public want answers -- but the answers aren't coming, and trails are running cold. Then a bomb explodes in the football stadium, causing massive casualties -- and another man dies from poisoning. Is there a link between the cases? And what are the motives for these crimes? The clock is ticking for Tony and Carol -- and the death toll keeps rising!
