Nick and his brother, Alan, have spent their lives on the run from magic. Their father was murdered, and their mother was driven mad by magicians and the demons who give them power. The magicians are hunting the Ryves family for a charm that Nick's mother stole -- a charm that keeps her alive -- and they want it badly enough to kill again. Danger draws even closer when a brother and sister come to the Ryves family for help. The boy wears a demon's mark, a sign of death that almost nothing can erase...and when Alan also gets marked by a demon, Nick is desperate to save him. The only way to do that is to kill one of the magicians they have been hiding from for so long. Ensnared in a deadly game of cat and mouse, Nick starts to suspect that his brother is telling him lie after lie about their past. As the magicians' Circle closes in on their family, Nick uncovers the secret that could destroy them all. This is the Demon's Lexicon. Turn the page.

前面平淡，中间郁闷，到了最后忽然萌点爆棚……哼作者你就是加再多女人进去也改变不了这是篇基文的事实！
