出版时间:2008-03-24

装帧:Hardcover

isbn:9780715329320

This is a comprehensive manual of creative drawing covering everything you need to

know to draw the human figure from memory and the imagination. It fires the imagination for drawing, beyond what can be posed in a studio or drawn from observation, to bring originality and style to your work. It explores anatomical structure, figure movement and character expression with practical demonstrations. Once the core elements have been mastered, it reveals how to draw for book illustration, cartoons and graphic novels. It extensively features the author's own back catalogue drawings and illustrations showing a wide range of styles and techniques.
