出版者:Routledge

出版时间:2010-01

装帧:Paperback

isbn:9780415490948

Niklas Luhmann offers an accessible introduction to one of the most important sociologists of our time. It presents the key concepts within Luhmann's multifaceted

theory of modern society, and compares them with the work of other key social theorists such as Jurgen Habermas, Michel Foucault, and Zygmunt Bauman. The book pays particular attention to introducing and discussing Luhmann's original sociological systems theory. It presents a thorough investigation into the different phases of his oeuvre, through which both the shifting emphases as well as the continuities in his thinking are shown. The primary focus of this text is Luhmann's theory of modern society as being differentiated into a plethora of 'function systems' - such as politics, law, and economy - which operate according to their own distinct logics and which cannot interfere with one another. For Luhmann, this functional differentiation works as a bulwark against totalitarian rule, and as such is a key foundation of modern democracy. Furthermore, the book critically examines the implications of this functional differentiation for inclusion and exclusion dynamics, as well as for the understanding of power and politics. This is a key text for both undergraduate and postgraduate students of areas including contemporary social theory, political sociology, and sociology.

评论

卢曼最基本的理论框架，简洁明了

以前总觉得这种简介性质的小册子没什么意思，现在才觉得读一读简单的小评传，掌握理论基本概念的涵义以及学者理论脉络还是有必要的。省去了一些自己瞎捉摸与误解的歧路。R出版社真业界良心也。
