Beautifully reproduced here are the black-and-white photo-collages created by Dalí in 1966, using

This book project had begun in 1965, when Bokelberg and journalist Walther Hermann Schünemann (who became editor of the original edition) visited Dalí in Spain to do a portrait of the artist for Stern magazine. Essay by Salvador Dalí. Hardcover, 8.75 x 11 in./88 pgs / 65 b&w.
