Since the Chinese Communist Party (CCP) embarked on a programme of 'reform and openness' in the late 1970s, Chinese society has undergone a series of dramatic

transformations in almost all realms of social, cultural, economic and political life and the People's Republic of China (PRC) has emerged as a global power. China's post-1978 transition from 'socialist plan' to 'market socialism' has also been accompanied by significant shifts in how the practice and objects of government are understood and acted upon.

China's Governmentalities outlines the nature of these shifts, and contributes to emerging studies of governmentality in non-western and non-liberal settings, by showing how neoliberal discourses on governance, development, education, the environment, community, religion, and sexual health, have been raised in other contexts. In doing so, it opens discussions of governmentality to 'other worlds' and the glocal politics of the present.

The book will appeal to scholars from a wide range of disciplines interested in the work of Michel Foucault, neo-liberal strategies of governance, and governmental rationalities in contemporary China.

作者介绍:

Elaine Jeffreys is an Australian Research Council Future Fellow at the China Research Centre and Associate Professor in China Studies at the Faculty of Arts and Social Sciences, University of Technology Sydney.

啥乱七八糟的。。。

用“治理术”来分析78年后的中国还是有挺多便利，毕竟我国的“市场经济”有着更明显的权力培植色彩，也可避免“国家/市民社会”这样的站队。但收进此书的文章还是太拘泥于福柯，某种程度上逊色于渠敬东等人的“项目制”治理。

主要看了黄盈盈的那章，个人感觉一般。。。

这到底是啥
