著者:Malcolm Coulthard

出版者:Addison Wesley Publishing Company

出版时间:1985-06

装帧:Paperback

isbn:9780582553798

The central concern of this book is the analysis of verbal interaction or discourse. This first six chapters report and evaluate major theoretical advances in the description of discourse. The final chapters demonstrate how the findings of discourse analysis can be used to investigate second-language teaching and first-language acquisition and to analyse literary texts.
