Henri Cartier-Bressons photography came to define the 20th century. This book tells his life story through his images: all the major events from his youth to his death in 2004 are described, contextualized and analysed in the light of his photographic work. From his early encounters with the Surrealists, his film work and his experiences in the SecondWorldWar, to the development of his own personal aesthetic, the concept of the decisive moment, and the foundation of Magnum Photos, his influence on the world has been profound and unforgettable.

-----  
His visual subconscious had recognized intuitively the organization of forms that gives the events their proper expression

房龙曾评戈雅，“为这个不完美的世界留下了最完美的蓝图”。这也是我看完布列松后的心情。

-----  
The first English book I finished is about Henri Cartier! I am so proud of myself.
