LEAH'S JOURNEY is a sweeping novel of family relationships and cultural heritage--of the journeys men make and of the Jewish experience in twentieth-century America. It is the story of three generations of men and women, of the depths of their poverty and the heights of their prosperity, their warm days in love and their dark days at war--their conflicts and bonds with each other, and their unique personal efforts to grow and change. And it is the glowing story of one young woman: beautiful, passionate, and unsure, Leah Goldfeder makes a significant journey in search of herself. Leah's saga begins when she and her husband escape the oppressions of the Old World to make a courageous new life in the melting pot of Manhattan's lower East Side. The harshness of Leah's life there is tempered by personal rewards; and as we experience with her the roiling streets and cruel sweatshops of New York during the grim years of oppression, we come to know the friends and family who struggle at her side: David, her husband, who loves Leah passionately but can't reach out to her; Eli, a charismatic and idealistic union organizer who offers her the romance she can't seek from her husband; Aaron, Leah's son, obsessed with solving the mystery of his mother's detachment from him; Katie, Aaron's wife, who lives in a private world her husband can't penetrate; Rebecca, Leah's daughter, adored, spoiled, and directionless, until she shoulders the responsibilities thrust on her by her father; and Joshua, the amazing embodiment of the rags-to-riches ideal. These characters are fictional, but their

and sisters of the self-made, self-educated, d self-assured men and women Irving  
Ho~ve de- ibed in WORLD OF OUR FATHERS; and Gloria ldreich, through her vivid sense
