What Your Gynecologist Never Told You... And Your Mother Didn't Know is an up-to-date guidebook for women of all ages who wish to take control of their health. Author Dr. Tara Solomon, a board-certified obstetrician/gynecologist with over 16 years of experience provides you with everything you need to know before your next gynecologic exam. From your annual gyn exam and abnormal pap smears, to breast cancer prevention and urinary incontinence, Dr. Solomon provides you with easy-to-understand chapters on the most common health issues seen in a gynecologist's office. This book is a must read for women of all ages. So mothers, send copies to your daughters and sisters, and grandmothers buy one for your granddaughter. This is a gift of good health.
