A woman's age, every woman believes, is her own business. It can also be big business. And this fast-moving tale shows just how big.

Crystal Young (born in Europe, of a titled family) is at the pinnacle of her success as the president of Adam & Eve, a firm that is giving Helena Rubinstein, Revlon, and Estee Lauder

fits. But there is a small cloud on the horizon. An English journalist is probing her background in Germany and England. In a series of dramatic flashbacks, past and present are gradually fused, leading to a great personal crisis- perhaps the last crisis of Crystal s life. The key to what might be her downfall is precisely the reason for her success.
