This work is Taschen's 25th anniversary - special edition! One of the most esteemed abstract expressionists and greatest painters of the 20th century - Mark Rothko belongs to the generation of American artists who completely revolutionized the essence of abstract painting. His stylistic evolution, from a figurative visual repertoire to an

abstract style rooted in the active relationship of the observer to the painting, embodied the radical vision of a renaissance in painting. Rothko characterized this relationship as 'a consummated experience between picture and onlooker'. His colour formations indeed draw the observer into a space filled with an inner light. Rothko always resisted attempts to interpret his paintings. He was mainly concerned with the viewer's experience, the merging of work and recipient beyond verbal comprehension. Rothko was an intellectual, a thinker, a highly educated man. He loved music and literature and was very involved in philosophy, especially in the works of Friedrich Wilhelm Nietzsche and of ancient Greek philosophy and mythology. Rothko was a protagonist within the movement of American painters who became known as the Abstract Expressionists. First formed in New York City during the inter-war years, this group was also called the New York School. In all the history of art, they became the first American artists to receive international recognition as a significant movement. Many among them, including Rothko, have become legendary figures.

赞！

抽象派确实是喜欢的人很喜欢，不喜欢的人超级不喜欢，但是看到评论说什么“如果抽象派是这种涂鸦我也会画”的时候还是要高冷地笑一下，亲，原画可都是3米高4米宽的哟，借个扶梯吧。

我对这种现代艺术一点也不感冒，如果这就是艺术，我也可以画得出来。

令人敬畏.

书评

第一次买这个系列的书，感觉还不错，有一些期待看到的画并未收入，但作为一本还不到一百页的书，内容还算可以。推荐不了解罗斯科或者不了解现代艺术的人先去看看bbc纪录片power of art里罗斯科那一集，这样比较容易先有一些感性认识，然后再看这本书，正好做补充。
