装帧:Paperback

isbn:9780521367462

Discourse Analysis for Language Teaching gives a practical introduction to the field of discourse analysis and its relevance for language teaching. It begins by answering the question 'What is discourse analysis?' and examines how discourse analysts approach spoken and written language. Different models of analysis are outlined and evaluated in terms of their usefulness to language teachers. This is followed by chapters on discourse-oriented approaches to grammar, vocabulary and phonology. The final section looks at spoken and written language in the light of native-speaker and learner data and considers examples of teaching approaches. Discourse Analysis for Language Teaching has a very practical orientation, and the text is interspersed with reader activities with guidance on appropriate responses at the end.

匆匆读了一遍，收获不少。等空了再读二遍。

pedagogy的部分很有启发

从语法 词汇 语音 口语和书面语的角度进行话语分析
首先总的篇章划分就没有在同一个层次 且各个方面都浅尝辄止
放在学术研究上算是入门书籍 pedagogy的部分提供了很多有借鉴意义的案例
但可操作性还有待商榷 可能最大的收获是积累了很多专业术语的英文单词?
