出版时间:1996-1-9

装帧:Paperback

isbn:9789622093928

This volume analyses the evolution of a unique brand of politics in Hong Kong. It examines how a Crown Colony system responded to the demands made of it by its Chinese and British residents in the shadow of the often volatile politics of modern China. It covers a wide range of subjects, from constitutional changes to the development of an independent civil service, to the rise and fall of systematic bureaucratic corruption, to the emergence of a distinct political culture, and to the importance of China in Hong Kong politics. It also explains the basis of political stability in Hong Kong – how British imperial rule turned out to meet public expectations in the Chinese political tradition.

作者介绍:

Dr Steve Tsang, the editor, is Louis Cha Fellow at St Antony's College, Oxford University.

评论

主标题：Government and Politics。重读第六章和第七章，虽然是带着目的略读，不过在读了一些别的玩意之后，体会到其观察之准确。初读只当科普，还觉得过于简略，但事实上是一本可以常读常新的书。（窝本来也想做档案研究无奈功力完全不够啊）
