装帧:Paperback

isbn:9780811866408

Today more amateur photographers than ever before have the means to create incredible pictures. This hip primer proves that whether shooting with a film or digital camera you don't need to invest in expensive photography equipment or have an art school degree to take amazing photographs. Whether readers are tired of disappointing snapshots or have just picked up a camera for the first time Hot Shots teaches with a friendly tone picture-perfect advice fun tricks and easy-to-understand text. Author lomographer and Flickr.com guru Kevin Meredith has created a must-have handbook for any aspiring photographer.

SO SO

真的是人家也拿卡片你，你也拿卡片机，人家排出了大片风格，你拍出了什么。好想哭。
。

有不少收获
